***To these parishioners who have already Pledged to the Annual Catholic Appeal I say a heartfelt Thanks. To those parishioners who have yet to pledge I say a heart felt Please!***

***As pastor of Our Lady of Fatima I know what it's like to keep shoving those bills I least like to pay to the bottom of the pile, hoping I might get hit by a truck before they come due. All the while, I know I'm not going to get hit by a truck and I know they will come due. Well, it's that time ... Crunch Time ... right now!***

***Make a substantial, but realistically sacrificial, pledge to the 2010 Annual Catholic Appeal, this week. If, like most of us, you can't make a hefty one time payment, spread it out over six months. Or, even less painful, let your bank send smaller monthly electronic payments until your substantial sacrificial pledge is paid off. Remember, not only will you be keeping the Diocese on a sound financial footing, you'll be keeping our own twin "Towers" standing. (They are not really falling down, yet. They are in need of some serious pointing.)***

## THE TIME BANK

Imagine there is a bank that credits your account each morning with \$86,400. It carries over no balance from day to day. Every evening the bank deletes whatever part of the balance you failed to use during the day. What would you do? Withdraw all of it, of course!

Each of us has such a bank. Its name is Time. Every morning, it credits you with 86,400 seconds. Every night it writes off, as lost, whatever of this amount you have failed to invest or use for a good purpose. It carries over no balance. It allows no overdraft.

Each day it opens a new account for you. Each night it burns the remains of the day. If you fail to use the day's deposits, the loss is yours.

There is no going back. There is no drawing against the "tomorrow." You must live in the present on today's deposits. You must invest it each day so as to get from it the utmost in health, happiness, and success! The clock is running. Make the most of today.

To realize the value of one year, ask a student who failed a grade.

To realize the value of one month, ask a mother who gave birth to a premature baby.

To realize the value of one week, ask the

editor of a weekly newspaper.

To realize the value of one hour, ask the lovers who are waiting to meet.

To realize the value of one minute, ask a person who missed the train.

To realize the value of one-second, ask a person who just avoided an accident.

To realize the value of one millisecond, ask the person who won a silver medal in the Olympics.

Treasure every moment that you have!

And remember that time waits for no one. Yesterday is history. Tomorrow is a mystery. Today is a gift. That's why it's called the present!

**From now until the end of time no one else will ever see life with my eyes, and I mean to make the most of my chance.**

Christopher Morley

**Today is your day and mine, the only day we have, the day in which we play our part. What our part may signify in the great whole we may not understand; but we are here to play it, and now is our time.**
